Summary

B.Tech Chemical Engineering student with expertise in full-stack development, e-commerce operations, cloud deployment, and automation. Proven ability to build and deploy live platforms, manage large-scale operations, and optimize workflows from product sourcing to delivery. Skilled in logistics, return management, GST compliance, and digital infrastructure setup. **Foundational knowledge in Object-Oriented Programming (OOP) and Data Structures & Algorithms (DSA).**

Skills

Computer Science Fundamentals: Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), Probability and Statistics

Languages & Frameworks: Python, C, JavaScript, TypeScript, Django, FastAPI, Next.js, React.js, Tailwind CSS, HTML, CSS

AI/ML & LLMs: LLaMA 3, LangChain, Hugging Face, TensorFlow, RAG, NLPs, CNNs, RNNs, Machine Learning

Backend & APIs: REST APIs, Firebase, Authentication, Razorpay, Stripe (basic)

Cloud & DevOps: AWS, Google Cloud, Vercel, Netlify, GitHub Codespaces, Cloudflare

Tools & IDEs: Jupyter Notebook, VS Code, Git, GitHub, Postman, Figma, Excel

Other: DNS/SSL configurations, Domain & Email setup, Familiar with React Native

Experience

Founder & CEO

June 2022 – Present

Growwithgarry.in, Mukerian, Punjab

- Built and deployed full-stack e-commerce platforms using Next.js, Tailwind, Firebase, and Razorpay.
- Configured domains, DNS, SSL, and email routing via Cloudflare.
- Managed deployments on Vercel and Netlify, resolving debugging and deployment issues.
- Registered GST and import-export license; handled compliance and supplier negotiations (over 11,000 units procured).
- Launched and manage [Estrobella.Store](#), a premium activewear brand.
- Listed products on Amazon, Flipkart, and Meesho; coordinated logistics with Delhivery.
- Produced e-commerce tutorials and walkthroughs for **GrowWithGarry** YouTube channel.

Projects

NyayDwar – Legal AI Platform for Public & Judicial Legal Assistance (2024 – Present)

[\(nyayadwar.growwithgarry.in\)](#)

Developed a constitutional and public legal AI platform trained on 170+ Indian legal documents (IPC, CrPC, BNS, Constitution, Acts). Built on LLaMA 3 with fine-tuning. Integrated LLM chatbot for citizens, advocates, and NGOs to simplify legal help access. Led UX intern team and currently in talks to sign an MoU with the Supreme Court of India.

CreatorHub – SaaS for Creators ([creatorhub-outx.vercel.app](#))

Developed and launched SaaS prototype for creator collaboration using Next.js and Tailwind.

GrowWithGarry – SaaS Business Website (growwithgarry.in)

Built in Next.js with Firebase backend, Razorpay integration, and SEO optimization.

Diia Project – NITJ International Affairs Website (XCEED) ([Live Link](#))

Contributed as Fullstack Developer using HTML, Tailwind CSS, and JavaScript. Managed GitHub workflows and deployments. Received Certificate of Excellence from Dean and Director of NIT Jalandhar.

LLM Face-Personalized Model (2024)

Built image generation platform using FluxDev model with face embeddings; deployed for testing.

Education

B.Tech in Chemical Engineering

2022 – 2026

Dr. B.R. Ambedkar National Institute of Technology (NIT), Jalandhar

Class 12 (Non-Medical) – 80.4%

2021

Dasmesh Public School, Mukerian, Chak Alla Baksh

Class 10 – 89.4%

2019

Dasmesh Public School, Mukerian, Chak Alla Baksh

Scored **100/100 in Computer Science** in CBSE Board Exams

Certifications

Essential React Training

Diia Internship Certificate – NIT Jalandhar

Oracle Cloud Infrastructure AI Foundations Associate

[Verify Certificate](#)

Languages

English (Fluent), Hindi (Fluent), Punjabi (Native)
